Relevant Experience

Music Production | Freelance

09/2018 – Present

- Composed over 300 tracks across a range of genres for more than 30 companies, organisations, and performers to be used in games, television, adverts, and live performances.
- Utilised Ableton, Cubase, ProTools, LogicPro, FMOD, and Wwise to compose, master, and produce tracks for a range of mediums with a focus on orchestral compositions.
- Recorded, mixed, and mastered my own audio assets and sound design / sound effects using a range of techniques and processes (Foley Recording; Field Recording; Layering; Microphone Placement; etc.)
- Collaborated with composers, developers, and stakeholders to produce high quality audio.
- Implemented music and self-developed audio assets into indie games using the Godot game development engine.

Music Tutor | Freelance

04/2017 – Present

- Tutored over 40 students between the ages of 8 and 60 across a range of disciplines including piano, saxophone, guitar, composition, music production, and music theory.
- Supported students pursuing their music grades up to grade 8.
- Worked with students to produce their tracks and develop their songwriting and composition skills.

Music Library Production | Library of the Human Soul

01/2016 – Present

- Produced 120 tracks across 12 albums for publishing label 'Library of the Human Soul' which were used for television including by the BBC, ITV, and Channel 4 among others.
- Collaborated with other composers to ensure that the briefs were covered and completed to a professional level.
- Worked closely with the Liverpool Philharmonic Orchestra to record my work.

Deputy Manager | Lancashire County Council

03/2021 – 03/2023

Procurement Administrator

09/2020 – 03/2021

- Promoted after six months due to commitment, leadership qualities, and aptitude for managing logistics.
- Managed logistics and roll-out of 100,000s of PPE, Covid-19 test kits, and vaccines throughout Lancashire and surrounding areas.
- Developed new strategies in fast-moving situations, responding to vaccine shortages in usual supplies by engaging professional relationships to find alternative sources.
- Delegated tasks to 20 members of staff, resolved their concerns and encouraged professional development.
- Maintained accurate Microsoft Excel records of stock to increase efficiency and reduce wastage.
- Liaised with care providers to ensure rapid response and ensured they received adequate supplies.
- Collaborated with private and public stakeholders including British Army and Choose Health to facilitate distribution of vaccines.

Education

BA (Hons) Music Production and Performance | University of Central Lancashire

2010

- Developed skills in songwriting, arrangement, composition, and sound design.
- Utilised Cubase, Ableton, Wwise, Fmod, and mastering software/hardware to produce music across a wide range of genres and mediums.
- Produced music for visual (animated and live action) and interactive media as well as live performances.

Skills

- Music Composition (Orchestral; electronic; jazz; rock; experimental; etc.)
- Technical Proficiency (Cubase; Ableton; Wwise)
- Audio Asset Creation (Recording Techniques)
- Sound Design
- Sound and Music Implementation
- Music Collaboration

Relevant Projects and Published Work

Marble Mixer | Level Tracks

- Worked from a brief, concept art, and alpha gameplay to produce tracks for a puzzle-based mobile game.
- Utilised Cubase, Ableton, and Wwise to compose tracks on a range of themes including animal-based levels and horror levels.
- Collaborated closely with the developers and audio team to produce high quality audio assets and ensure their vision was realised effectively.

Battlebards | Immersive Thematic Tracks

- Composed orchestral tracks for a range of immersive themes from ‘mystical’ to a ‘norse viking theme’, working from briefs to ensure the best and most immersive player experience.
- Recorded my own audio assets (i.e clashing metal; taiko drums) using appropriate microphone techniques and audio processing on Cubase to create immersive and diegetic soundscapes.

Library of the Human Soul | TV Music Composition (BBC, ITV, Channel 4, and Others)

- Collaborated with over 10 other composers to produce albums for use in TV on BBC, ITV, and Channel 4.
- Worked from briefs to produce thematic tracks for a variety of genres and emotions (i.e. ‘quirky’, ‘sadness’, ‘tension’, etc.) and produced multiple versions of tracks for differing uses.
- Scored music to be performed and recorded by the Liverpool Philharmonic Orchestra.
- **Link to music:** <https://libraryofthehumansoul.com/>

London Fashion Week | Catwalk Music

- Composed ‘space’-themed tracks for models to walk down the catwalk to.
- Collaborated closely with the event coordinators in order to create a highly choreographed and professional event.
