Playlogic Game factory

2008 – 2010

3d artist

Environment Artist

I started working part-time at playlogic as a 3D artist while I was still in school. My work consisted of creating 3D models for games, texturing and rigging in 3ds max version 9. After about a year, I got the opportunity to also work as an environment Artist. My tasks consisted of level decoration, lighting and modeling level assets. I also had to work with Maya for a few months, because the studio switched 3d program.

At Playlogic I had to speak English because the team consisted of people from all over the world.
