- Key player in Flash to HTML5 migration, vital for the company's survival
- Tools development and automation for assets size, speed and performance
- Contributed to the gameplay of [BigFarm](#) and [Empire 4 Kingdoms](#)

### Unity3D Developer, Interaction Designer

German Heart Center (TU Munich)

Jan 2013 – May 2013

- Analyzed stakeholders to guide game development decisions
- Designed, prototyped, and tested rehabilitation games with pediatric patients
- Delivered research insights contributing to academic and medical knowledge

## EXPERTISE

Software Development & Technical Analysis

Web, Mobile and Desktop Applications

System Architecture & Design

Tools & Workflow Automation

IxD, UI/UX Design & Prototyping

Leadership & Mentoring, Technical Hiring

Quality Assurance & Unit/Integration Testing

## METHODS & TOOLS

Prototyping

AS3, JSFL, Createjs, Unity3D, Godot, C#

Zenject, UniTask, UniRx, Unity Netcode

TypeScript, JavaScript, Node.js, React, Next.js

Yarn, NPM, Webpack, MongoDB, NSubstitute

Git, Azure DevOps, Jenkins, Shell, AWS

Scrum, Kanban, Confluence, Jira, CI/CD

Design Patterns, MVC, SOLID

Adobe Animate, Photoshop, Figma, 3ds Max

## **EDUCATION**

---

### **M.B.A., Technology Management**

Northern Institute of Technology, Hamburg, Germany

**2019 – 2021**

### **M.Sc., Interaction Design and Technologies**

Chalmers University of Technology, Göteborg, Sweden

**2011 – 2013**

### **B.Sc., Informatics** (*Erasmus scholarship*)

Matej Bel University, Banska Bystrica, Slovakia

**2007 – 2008**

### **B.Sc., Informatics**

Economic University Varna, Varna, Bulgaria

**2005 – 2009**

## **LANGUAGES**

---

**Bulgarian** – Native

**English** – Fluent (TOEFL certified)

**German** – Intermediate (Telc-B2 certified)

**Chinese** – Basic (Speaking & Understanding)
