Employment History:

Freelance Animator October 2024 – January 2025

Project: Lord of the Fallen 2 (AA)

Position: Senior Gameplay Animator

Tasks: Concepting, blocking out, implementing and polishing of animations. Supporting animations using physics and other simulations. Importing and set-up of animated assets in Unreal engine. Advising and mentoring teammates.

Pieces Interactive (Skövde, Sweden) 2021-2024

Game Studio

Project: Alone in the Dark (AA)

Position: Senior Gameplay Animator

Tasks: I was responsible for hand-keyframing all the gameplay animations for the final boss as well as hand-keyframing the rest of

creatures. I was also involved in creating cycles, retargeting and editing the mocap data for PC and NPC characters and in exporting animations from Maya to Unreal Engine.

From 2012 to 2020 I have been working as a freelance animator for different studios in games, films and television. I mention here below the most relevant.

Keen Software House (Prague) 2019/10/01 - 2020/02/01

Game Studio

Project: Space Engineers

Position: Senior Animator

Tasks: I was responsible for setting up a working workflow for motion capture editing. My duties also involved editing motion capture data.

UPP (Prague) 2016/03/01 – 2016/06/30

VFX Studio

Position: Senior Animator

Tasks: I was responsible for handkeyframing animals and objects for different projects

Projects:

Terminator: Dark Fate

Jungle Cruise

PFX (Prague) 2016-2019

Project: Muppet Babies (Tv serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Project: Little Luke and Lucy (Tv serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Layout of sequences to be animated in Maya (placement and animation of cameras, characters and props).

Project: Booba (Tv serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Project: Ziggy and the Zoo Tram (Tv serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Project: Marni's World (Feature film)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Digital Domain (London) 2016/06/01 – 2016/08/30

Project : Ready Player One (Feature film)

Position: Motion Capture Editor

Tasks: Editing the mocap data for the master sequences in Motionbuilder for previsualization purposes.

Studio Kredenc (Prague) 2015

Project : The Great Adventures of Rosa and Dara (TV pilot episode)

Position: Senior Animator

Tasks: Animation of characters and props in Houdini for a pilot episode.

Alkay Studio (Prague) 2014/04/01 - 2015/06/01

Project : The Socks Eaters (Feature film)

Position: Senior Animator

Tasks: Animation of characters and props in Maya. Layout of sequences to be animated in Maya (placement and animation of cameras, characters and props).

Warhorse Studio (Prague) 2014/01/01 - 2014/03/01
Game Studio

Project: Kingdom Come, Deliverance

Position: Senior Animator

Tasks: Editing motion capture data for PCs.

Eallin Studio (Prague) 2013/03/01 -2013/06/01

Project : The Little Elephant (TV serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Project : Muri the Cat (TV serial)

Position: Senior Animator

Tasks: Animation of characters and props in Maya.

Alkay Studio (Prague) 2012/01/20 - 2012/11/30
