SKILLS & SOFTWARE

I am a multifaceted artist with a specialized interest in 3D environment work. Experienced in crafting optimised props and environments for real-time settings, accurately taking them from concept through to engine.

Maya | Zbrush | Speedtree | Substance Painter | Substance Designer | Unreal Engine | Photoshop

EXPERIENCE

REAL-TIME FOREST ENVIRONMENT

Student project

- Created a range of optimized foliage using Speedtree & Maya.
- Produced materials using Substance designer, painter, and UE5.
- Explored the use of custom PCG, RVT, and smart materials in UE5.
- Utilised knowledge of lighting and composition techniques.

TINY REBEL GAME PROJECT

Student project

- Led a team of 5 artists, on a game project given by Tiny Rebel Games.
- Presented on behalf of my team, from initial pitch through to showcase.
- Produced & executed project asset lists, blockouts, and art direction pillars.
- Worked alongside other departments, including game design and music.

ART STORE OWNER

Cigfrann

- Running my online business of 5+ years, shipping my art worldwide.
- Using the exposure it brings me to take on commissioned work.
- Building great rapport with customers and clients, 1,600+ five star reviews.

EDUCATION
