EXPERIENCE

- Feb 2015 - Apr 2017

GAME DESIGNER AND ANIMATOR, GESTUM | São Paulo, Brazil
 - Designed and produced e-learning games, focusing on game concepts and visual style.
 - Animated characters and props to enhance storytelling and scene engagement.
- Dec 2011 - Dec 2014

GAME DESIGNER AND TEAM COORDINATOR, Pearson | São Paulo, Brazil
 - Led a multidisciplinary team in the production of interactive games and animations for e-learning platforms.
 - Managed game projects from concept to delivery, applying level design and animation skills to enhance engagement.
 - Collaborated closely with storyboard artists and team leads to improve narrative flow and game immersion.

EDUCATION

- 2007 - 2011

GAME DESIGN, Anhembí Morumbi

Gained comprehensive knowledge of the game development pipeline, including pre-production, concept development, game design, art direction, 3D modeling, 2D/3D animation, and sound design. This foundation allowed me to specialize in 3D art and environment creation.

SKILLS

3D Modeling

Texturing

Lighting

Unreal Engine
