Summary

Senior Cinematic Animator with extensive experience in animation for the entertainment and video game industry, most recently contributing to projects such as Dead Island 2: SoLa and Cygni: All Guns Blazing.

Work experience

Senior Cinematic Animator October 2023 - Present

Dambuster Studios, Nottingham, UK (Remote - Full Time)

- Mentorship of Interns and Junior Cinematic Animators, fostering skill development and team growth.
- Co-direction of full performance capture sessions in collaboration with senior animators, leads, and directors.
- Provision of creative and technical feedback to maintain high-quality output across the cinematic animation team.
- Involvement in storyboarding and creation of animatics to prototype cinematics and establish visual storytelling foundations.
- Collaboration with the narrative team for effective integration of cinematics that align with key story beats, including script deconstruction for narrative delivery.
- Contribution to cinematic pipeline enhancements by offering feedback to Technical Leads and Production teams, ensuring efficient workflows and timely delivery while maintaining excellence in animation quality from concept through final implementation into Unreal Engine.

Project: Dead Island 2: SoLa

Gameplay & Cinematic Animator October 2022 - October 2023

KEELWORKS, Edinburgh, UK (On Site - Full Time)

After one year of freelancing at KeelWorks, I was offered a full-time, permanent role at the company and took on more responsibilities;

- Led and executed the creation of in-game animations, enhancing user experience and visual storytelling.
- Designed dynamic CG cutscenes and cinematics to effectively convey narrative elements and elevate overall production quality.
- Coordinated closely with the Creative Director to ensure timely delivery of high-quality animation assets aligned with artistic vision.
- Collaborated with programmers to streamline and optimize the animation pipeline for smoother workflows and improved efficiency.
- Partnered with in-house Technical Artist to enhance specialized animation tools and provided actionable feedback on rigging techniques; supported basic character rigging tasks when required.
- Conducted in-depth quality assurance testing on in-house builds, identifying issues and recommending constructive solutions for process improvements.

Project: Cygni: All Guns Blazing

Gameplay & Cinematic Animator October 2021 - October 2022

KEELWORKS, Edinburgh, UK (Hybrid - Freelance)

- Oversaw day-to-day office operations to ensure smooth functioning.
- Participated in client presentations to effectively showcase our work.
- Managed the creation of all in-game animations.
- Animated on CG cutscenes and cinematics to enrich the gaming experience.
- Maintained close collaboration with the Creative Director to meet animation deadlines.
- Collaborated with our skilled Technical Artist to optimize and improve animation tools.
- Offered constructive feedback and suggestions to enhance rigging techniques to the Technical Artist team.
- Conducted thorough quality assurance testing on the latest in-house builds and provided valuable feedback for refinement.

Project: Cygni: All Guns Blazing

Facial Mocap Tracking & Placement Artist / Animator February 2020 - August 2021

Wild Child Animation, Stirling, UK (Hybrid - Freelance)

- Ensured effective collaboration with the Creative Director to meet tight animation deadlines across multiple projects.
- Delivered keyframe animation for various sequences, contributing to visually engaging narratives.
- Performed facial motion capture tracking and retargeting for over 300 shots on "Romans / Vikings in Scotland" and "Hushabye Lullabye Season 2 & 3" for BBC and CBeebies, ensuring high-quality character performance.
- Prepared scenes for animators, facilitating a seamless workflow and efficient shot handovers throughout production pipelines.
- Gained proficiency in FaceWare Analyzer and ReTargeter tools to independently track and re-target numerous shots on "Upside Mimi," a project by Rachel Maclean.
- Played an integral role in diverse animation projects such as "Nariko's Voyage," demonstrating adaptability and technical expertise across styles and platforms.

Projects: Hushabye Lullabye Season 2 & 3, Upside Mimi

Animator July 2019 - February 2020

Once Were Farmers, Stirling, UK (On Site - Freelance)

- Developed keyframe animations for multiple episodes, ensuring consistent quality and alignment with creative direction.
- Collaborated directly with the Director to maintain alignment with the project's artistic vision and narrative goals.
- Incorporated client feedback effectively to refine animations, enhancing overall project deliverables.
- Executed keyframe animation for "Hushabye Lullabye Season 1" for CBeebies, delivering precise and engaging visual storytelling.
- Created dynamic shot-specific animations for BBC's "The Scottish Cup Trailer (Fifth Round)," contributing to impactful promotional material.
- Ensured adherence to deadlines while maintaining high production standards across diverse projects.

Projects: Hushabye Lullabye Season 1, The Scottish Cup Trailer (Fifth Round)

Layout Artist / Junior Animator June 2019 - July 2019

Axis Animation, Glasgow, UK (On Site - Freelance)

- Ensured alignment of composition, positioning, camera angles, and camera paths with the provided storyboards under supervision.
- Executed rough block-outs for character placement to establish initial shot layouts.
- Applied Keyframe Animations across multiple shots to meet creative and technical requirements.
- Supported team workflows by maintaining adherence to project deadlines and quality standards.

Project: Magic The Gathering: Throne of Eldraine Trailer

Junior Animator May 2019 - May 2019

Axis Animation, London, UK (On Site - Freelance)

- Contributed to a high-profile project, Guild Wars 2: The Icebrood Saga Trailer, during an intensive work period in London.
- Created keyframe animations for multiple shots in the Guild Wars 2: The Icebrood Saga Trailer, ensuring high-quality and visually compelling sequences.
- Collaborated with the Animation Supervisor to align creative output with the specified vision and project requirements.
- Implemented feedback from the Animation Supervisor to refine and enhance animation quality throughout the production process.
- Ensured delivery of animation assets within set timelines while maintaining alignment with production standards.
- Supported the overall artistic goals of Axis Animation through precise execution and adherence to creative direction.

Project: Guild Wars 2: The Icebrood Saga Trailer

Clean-Up Artist / Junior Animator March 2019 - April 2019

Axis Animation, Glasgow, UK (On Site - Freelance)

- Prepared and set up multiple character turntables for a behind-the-scenes video showcasing the making of Happy! Season 2.
- Conducted animation clean-up tasks to ensure compatibility with the turntable format, maintaining high-quality standards.
- Supported the production process by enhancing visual coherence across animated assets.
- Contributed to the delivery of supplemental promotional content for a well-known television series.
- Collaborated with a creative team to achieve seamless output and adhere to project deadlines.
- Applied technical animation skills within a freelance capacity to meet project-specific requirements.

Project: Happy! Season 2

Junior Animator March 2019 - April 2019

Axis Animation, Glasgow, UK (On Site - Freelance)

- Executed keyframe animation and motion-capture clean-up for multiple shots, ensuring smooth and precise character movements.
- Integrated feedback from the Animation Supervisor to refine animations and enhance quality.
- Contributed to the Deathloop Cinematic Reveal Trailer project, delivering work aligned with client expectations and project deadlines.
- Supported team efforts in producing high-quality cinematic content for a globally recognized video game title.

Project: Deathloop Trailer

Junior Animator October 2018 - March 2019

Axis Animation, Glasgow, UK (On Site - Freelance)

- Transitioned from the Axis Animation mentorship program to contribute as a Junior Animator on a live project.
- Produced diverse keyframe animations across multiple shots covering all episodes of the project.
- Integrated feedback and direction from the Animation Supervisor to refine animation quality.
- Contributed to Happy! Season 2, a production for Syfy and Netflix.
- Collaborated within a professional studio environment to meet high-quality standards and deadlines.
- Ensured consistency in animation style and delivery in alignment with the creative vision of both client and studio.

Project: Happy! Season 2

Animation Mentee September 2018 - October 2018

Axis Animation, Glasgow, UK (On Site - Freelance)

- Participated in in-studio animation training programs, receiving regular feedback and guidance from Lead, Senior, and Animation Supervisors.
- Developed animation skills through focused personal assignments under the mentorship of experienced professionals at Axis Animation.
- Enhanced proficiency in various animation techniques and tools by incorporating expert input into project work.
- Engaged in a structured learning environment to refine storytelling and technical aspects of animation.
- Collaborated with industry specialists to improve workflow efficiency and production quality.
- Prepared for professional growth by implementing advanced techniques recommended during hands-on mentoring sessions.

Animator August 2018 - August 2018

Once Were Farmers, Stirling, UK (On Site - Freelance)

- Responsible for the creation of all 3D animations within the project, ensuring alignment with client expectations and creative standards.
- Engaged in direct collaboration with the client to refine animation concepts and deliver tailored solutions.
- Provided dynamic 3D animated content for "Ferne & Rory's Vet Tales," a production for CBeebies.
- Ensured high-quality results by managing project timelines and meeting all delivery deadlines.
- Developed animations optimized for storytelling, engaging the target audience effectively.
- Contributed to enhancing the visual appeal of the project through attention to detail and technical precision.

Project: Ferne & Rory's Vet Tales

Animator July 2018 - July 2018

Once Were Farmers, Stirling, UK (On Site - Freelance)

- Managed the creation and execution of all 2D and 3D animations for the project, ensuring alignment with client expectations and project objectives.
- Collaborated directly with the client (BBC) to refine animation standards and maintain consistent communication throughout the production process.
- Oversaw end-to-end animation workflows, maintaining high standards for quality and meeting all deadlines.
- Contributed to the successful delivery of "Managing Parents," demonstrating expertise in creative animation techniques.
- Utilized technical skills in 2D/3D animation to achieve visually compelling results tailored for the target audience.
- Ensured seamless integration of animated content within broader project deliverables while adhering to style guidelines.

Project: Managing Parents

Junior Animator July 2018 - July 2018

Interference Pattern Ltd, Edinburgh, UK (On Site - Freelance)

- Executed keyframe animation across multiple shots, ensuring consistency and quality in all animated sequences.
- Collaborated closely with team members to deliver high-quality animations within set deadlines and technical specifications.
- Maintained adherence to project guidelines while implementing creative problem-solving strategies to overcome animation challenges.
- Ensured smooth delivery of final assets by adhering to industry best practices in animation production workflows.
- Contributed to the creation of a Virtual Reality promotional video for the Azuma project, maintaining alignment with client objectives and visual storytelling standards.
- Worked for the client LNER to support branding goals through engaging and immersive animation techniques.

Project: VR Promo for Azuma

Assistant Animator February 2018 - March 2018

Once Were Farmers, Stirling, UK (On Site - Freelance)

- Developed the majority of animations for various shots in the award-winning short film 'Widdershins,' ensuring high-quality deliverables aligned with the creative vision.
- Collaborated closely with the Supervisor and Director, fostering effective teamwork to meet production goals and maintain artistic cohesion.
- Maintained a commitment to delivering high-quality work across all assigned tasks, contributing to a celebrated and award-winning production.
- Contributed significantly to the creation of animations that helped secure multiple accolades for 'Widdershins,' including Best Animation at the BAFTA Awards, Scotland (2018).
- Played a pivotal role in achieving recognition for 'Widdershins' as Winner of Best Animated Film at FilmQuest (2019) and Best Animation at the Dinard British Film Festival (2019).
- Supported project success through efforts that led to a nomination for Best Animated Short Film at the Shanghai International Film Festival (2019).

Project: Widdershins
