- Marmoset Toolbag

SUMMARY

MA 3D Computer Animation graduate from Bournemouth University specializing in environment art, hard-surface modeling, prop creation, and texturing. Proficient across the full 3D art pipeline with strong expertise in Unreal Engine. Primarily focused on hard-surface workflows, with additional experience in organic sculpting. Skilled at working in fast-paced team environments with strong communication and problem-solving abilities.

EXPERIENCE

■ 3D Prop And Material Artist

MA 3D Computer Animation Group Project | 2025

- Modelling and texturing assets for a short cinematic animation inside Unreal Engine
- Provided guidance and assistance to my team members that were unfamiliar with Unreal Engine
- Used Blender, Substance Painter, Unreal Engine

■ Waiter

Oriental Break (Chinese Takeaway) & Miya Japanese Restaurant | 2018 - 2024

- Worked in a fast-paced role as a waiter, developed my skills in time-management, communication, teamwork, and problem-solving abilities.
