I am a composer with experience writing music for many versatile genres. I have written music for and worked alongside / played within orchestras. I have experience working with many industry-standard DAWs such as Logic, Musescore, or Sibelius. I am familiar with middleware such as FMOD and can implement into Unity and Unreal Engine. I have made foley and done sound design for multiple projects. I am passionate and hard-working, and I believe I have the skills and competency required to work as a professional composer.

Work Experience:

Accompanied Church Christmas Choir – December 2023.

Composed music for wedding videos (2022) – Your Moments Captured.

Composed the music, created the sound design, foley, and voice work for an animation (2023) – “Cat Gun”.

Composed the music for an animation (2024-2025) – “Outta Car-Mission”.

Composed the music and created sound design for a game (2025) – “Siphon”.

Composed the music for the A Film A Day short films “A or B”, “The Other Side”, and “You were a pirate, I was a sailor”. (2025)

Teaching Assistant at Penryn Collage (November 2025)

Education:

Graded a First for Music Composition for Film and Games, University of Hertfordshire – September 2022 - May 2025.
