ABOUT ME

I'm 22 years old and passionate about game development. I love transforming my ideas into interactive experiences that entertain and inspire others. Whether it's creating 3D art or coding in C#, I'm always eager to learn and grow. Each project is an opportunity to expand my horizons, and I can't wait to see where this journey takes me!

WORK EXPERIENCE

Playar

FEB, 2025 - JUN, 2025

3D Intern

- Designed and developed stylized and realistic 3D assets used in interactive AR/XR experiences, collaborating with developers and artists to ensure high-quality project outcomes.
