Game Artist with nine years of professional 3D production experience and recent specialisation in environment art for games. Strong background in modular environments, asset creation, and delivering under high-pressure production schedules.

Experience

Game Artist | Ancient Well Entertainment | Feb 2025 - Aug 2025

- Worked on the game *No Tithe For Olaf* (trailer released 2025)
- Created modular environments for Unreal Engine.
- Modelled and textured 3D props and modular kits.
- Collaborated with a team of artists and programmers in an Agile pipeline.

Freelance 3D Artist | 2022 - 2023

- Designed interactive event kiosks according to client briefs.
- Handled modelling, texturing, lighting, and scene delivery for clients.

Senior 3D Artist | Real Image TV Production | 2014 - 2022

- Delivered 100+ projects across TV, events, and visualisation.
- Specialised in modelling, texturing, lighting, rendering, and compositing.
- Directed asset and scene creation under tight deadlines using Maya, Arnold, and Redshift.
- Mentored junior artists and coordinated with a large production team.

3D Artist / Storyboard Artist | Infamous Studios | Jan 2014 - May 2014

- Created storyboards and 3D environments for explainer videos.
