- Unreal Engine
- Autodesk Maya
- Adobe Photoshop
- Substance Painter
- Substance Designer

ABOUT ME

I am a passionate and driven individual looking for a career in the games industry following the completion of my masters degree. I am adaptable and quick to learn, making me effective at facing new challenges and acquiring new skills. I enjoy problem solving and approaching an issue from all sides to attempt to find the best outcome, and have extensive experience in team environments from previous employers, collaborative projects and gaming with friends.

PORTFOLIO
