PROFESSIONAL SUMMARY

Art Director and 3D Art Lead with over 15 years of experience in AAA game development, and mobile games. Shipped multiple high-profile titles including Assassin's Creed Valhalla, The Crew 2, and Assassin's Creed III: Remastered, etc. Expert in team leadership, production pipelines, Proprietary Engine Unreal Engine, and Unity. Strong ability to align creative vision with technical execution.

Experience

Art Director Consultant – Pixels

2025 – Present

- **Artistic Leadership & Vision:** Defined and communicated the strategic direction for the visual style of the Chubkins app, developing and championing the overarching artistic vision to ensure all visual elements and final assets maintained a consistent, high-quality style and theme aligned with long-term project goals.
- **Provided clear art direction and strategic partnership,** fostering cross-team collaboration and demonstrating strong communication skills with design, programming, and audio departments to ensure visual assets seamlessly supported game functionality and project goals.
- **Concept Definition:** Created and utilized core visual materials (e.g., concept art and storyboards) to efficiently define and communicate the game's aesthetic and thematic direction to the internal team and stakeholders.

3D Art Lead – Nyan Heroes

2021 – 2025

- Led the team by overseeing work quality and setting high standards of excellence, demonstrating strong team leadership.
- Responsible for building a world-class team by sourcing AAA 3D/2D talent around the world, and developing and growing their 3D/2D skills through training and feedback.
- Built and optimized efficient material pipelines using Substance Suite and game engines to support real-time rendering and scalable asset production.

Art Director – Always Imagine

2020 – 2022

- Developed and maintained the overall artistic vision for our projects, ensuring that all visual elements aligned with the game's style and themes.
- Collaborated closely with other departments such as design, programming, and audio to ensure that all visual elements supported the overall vision and functionality of the game.
- Created concept art, storyboards, and other visual materials to effectively communicate the game's style and themes to the team.

3D Generalist – Ubisoft

2017 – 2020

- Responsible for creating video game assets with AAA quality, overseeing full 3D art production and detailed modeling to meet AAA standards.
- Designs of game art, complete with research, believability, logic and credibility.

Consultant – Creative Design – Enchanted Kingdom Inc.

2017 – 2021

- Creator of our company Graphic Standard, Creating / Directing Commercials, Music Videos and Motion Graphics.

Head – Graphic Arts – Enchanted Kingdom Inc.

2009 – 2017

- Designing Environments for Theme parks.
