Profile

Senior Concept Artist with 17+ years of game industry experience in visual development. Specialized in **character, environment, and prop design** for mobile, console, and PC platforms. Versatile in creating high-quality artwork across various genres, themes, and art styles for diverse global clients. Utilizes a visual development process which focuses on following art-direction and integrating client feedback to deliver production-ready concept art. Proven track record of collaboration with international teams, in-house or remotely, as a staff artist and also independently as a project-based freelancer.
